Mirage™ FX
NASAL MASK

Effortless and **effective**

It's all about you

Mirage FX is the most streamlined, unobtrusive nasal mask on the market; you'll love the feeling of openness and clear line of sight ... and being one of the lightest nasal masks around, Mirage FX won't weigh you down.

Therapy has never been easier

Mirage FX is so minimalist, it is made up of only four parts, including the headgear—there is virtually nothing to it. This is truly the easiest mask on the market: easy to clean, easy to fit, easy to adjust ... without compromising quality, comfort and performance.

Sophisticated design, easy functionality

Beyond the simplicity of its minimalist design is intelligent technology working hard to provide the best therapy for you. The Mirage FX Spring Air™ cushion is designed for performance and comfort, incorporating extra softness at the sensitive nasal bridge area.
