Frame Fitting Instructions

1. Measure the distance from the side of your face to your chin.

2. Use the tape measure to determine the size of the frame that fits your face.

3. Choose the frame size that matches your measurement:
   - Small frame: 575-618mm (22 1/4” – 24 1/4”)
   - Standard frame: 619-653mm (24 3/4” – 25 3/4”)
   - Large frame: 654-695mm (25 1/4” – 27 1/4”)
